After roll call was taken and it was determined that a quorum was present, Chairman, Councilman Jerry Parris called the meeting to order at 10:02 a.m.

Chairman Parris called for recognition of any guests. Mr. Michael Hoch introduced Ms. Alicia Bailey and Ms. Jennifer Brown from Sain Associates.

**OLD BUSINESS:**

The minutes of the April 18, 2019 meeting were approved on a motion made by Mr. Jeff Clendenning and seconded by Mr. David Thompson. Motion carried.

## **NEW BUSINESS:**

Chairman Parris called for the Review of FY 16-19 TIP Spreadsheet and Administrative Modifications. Ms. Libby Messick gave the members a copy of the current TIP and also a list of the ALDOT modifications for this month and briefly reviewed it with them. Ms. Messick explained that there was one admin modification that created changes to the TIP spreadsheet, but none needed a resolution for approval. She explained that a change to project #46 in CN was due to a previous Resolution not covering the entire overrun amount.

Next, Chairman Parris called for discussion of Resolution No. 782 Metropolitan Transportation Planning Self-Certification. Ms. Messick explained that this self-certification occurs every 4 years when the TIP is updated to ensure the MPOs transportation planning process follows all necessary federal requirements. A copy of the self-certification's questionnaire with all the MPOs answers was included in the packet. A motion was made by Mr. Mark Stephens to approve the self-certification with **Resolution No. 782**, which was seconded by Mr. Jeff Clendenning. Motion carried.

Next, Chairman Parris called for discussion of Resolution No. 783 Deletion of PE and CN from project #42, 9<sup>th</sup> St and Caffey Drive Resurface. Ms. Messick explained that the city of Oxford has requested this project be deleted to free MPO funding for other projects and that a public meeting will be held afterwards for any questions or comments from the public regarding this deletion. A motion was made by Mr. Mark Stephens to approve the deletion with **Resolution No. 783**, which was seconded by Mr. Jeff Clendenning. Motion carried.

Chairman Parris then called for discussion of Resolution No. 784 Reduction of Limits for project #14, Alexandria/Jacksonville Rd. Ms. Messick explained that this resolution was requested by Calhoun County and would reduce the limits from 6.29 miles to 2.502 miles. The remaining 3.788 will be programmed as a project in the upcoming TIP. A motion was made by Mr. Jeff Clendenning to approve the limit reduction with **Resolution No. 784**, which was seconded by Mr. Mark Stephens. Motion carried.

Next, Chairman Parris called for discussion of Resolution No. 785 Reclassification of Ossington Avenue. Ms. Messick explained that this resolution was requested by the city of Anniston. It would start a request from the MPO to ALDOT and FHWA once traffic counts and justification of reclassification was submitted. Ms. Messick further explained the CAC recommended that this resolution be tabled until there was evidentiary proof that the MDA is in support of the resolution. Mr. Jay Jenkins explained while the MDA owns property adjacent to it, Ossington Road in particular is the property of the city of Anniston. He further explained that due to the bypass and General Watson Way that comes off the bypass, the city of Anniston considers Ossington Avenue to no longer function as a local street, but as a connector street as it is the primary road used by traffic coming from the bypass to get to Baltzell Gate. Ms. Messick explained although she had received verbal confirmation from Jules Moss, Director of the MDA, she also had requested to receive an email with MDA's support. However, by the time of the

MPO meeting, no email had been received. Mr. Jenkins recommended adopting the resolution once evidentiary proof of MDA support is received. A motion was made by Mr. Jeff Clendenning to approve the reclassification request with **Resolution No. 785** with the caveat that formal acknowledgment be received from MDA, which was seconded by Mr. Jay Jenkins. If MDA does not submit formal acknowledgement/support, the Resolution will be placed on next month's agenda. Motion carried. Chairman Parris continued by calling for the review of the FY 2020-2023 proposed projects pre-TIP Draft. Ms. Messick briefly explained the newly proposed projects for the upcoming TIP. There were no questions regarding the projects.

Chairman Parris continued by calling for discussion CAC Appointments. Ms. Messick explained that there was a list of the members in the agenda packet to review. The City of Anniston still needs 6 appointments, 5 for the City of Oxford including 1 Trucking Representative, 1 for the City of Weaver, 1 for the Anniston Army Depot, 1 for the Town of Hobson City, and 1 for the ALDOT Local Transportation Bureau. Ms. Messick also explained that she had recently sent letters to the MPO mayors asking for these openings to be appointed as well as replacing any members that had not attended within a year. It was also explained that the CAC had formed a subcommittee in order to assist the Mayors in finding interested parties to fill these availabilities.

Next, Chairman Parris continued with New Business by calling for discussion of Safety Observations. Ms. Messick explained that in the agenda packet is a list of concerns from the Citizen's Advisory Committee (CAC) for review. There were no updates for Ms. Messick to give at this time, but she called for any updates from those present. No updates were given.

#### **OTHER BUSINESS:**

Chairman Parris called for the status report on other local projects from ALDOT East Central Division. Mr. Shane Brown gave a report on the local sponsored projects which was provided as a handout for review.

Chairman Parris called for the Report on Urban Fixed Route and ADA Handicapped Transit Systems. Ms. Messick gave the report for the Fixed-Route ridership for the month of April, which was provided in the agenda packet for review. There were 9,045 passengers on the Fixed-Route during April which was an increase from the previous month and year. The final table in the agenda is the ADA Paratransit ridership for the month of April. Anniston had 928 (increase) one-way trips, Jacksonville had 190 (increase) one-way trips, 25 (decrease) trips for Weaver, and Oxford had 126 (decrease) one-way trips. For the Urbanized area 241 (decrease) one-way trips and 228 (increase) one-way trips for the Rural area.

Chairman Parris continued by calling for discussion of the STIP Public meetings. Ms. Messick explained that there would be a public meeting directly after the MPO meeting for everyone who would like to attend. She said that the STIP is going through the RPO's for public review this time and has been broken into districts for review, it would be an informal meeting with a few handouts and comment forms for anyone who had questions or comments regarding the STIP.

Chairman Parris called for comments or issues from member jurisdictions or attendees. There were no comments or issues brought forth.

Next meeting of the MPO will be Thursday, May 16, 2019 at 10:00 a.m.

There being no further business, Chairman Parris adjourned the meeting at 10:19 a.m.
