After roll call was taken and it was determined that a quorum was present, Chairman, Mayor Wayne Willis called the meeting to order.

**OLD BUSINESS:**

The minutes of the May 19, 2016 meeting were approved on a motion made by Mr. Toby Bennington and seconded by Mr. Jerry Parris. Motion carried.

**NEW BUSINESS:**

Chairman Willis called for the Review of FY 16-19 Spreadsheet and MPO Projects. Mr. Plunk gave the members a handout of the list of MPO projects to review. All projects highlighted in green have been authorized to move forward by the ALDoT. The projects in yellow are the projects that have been shifted from one FY to another with the additional 1% added to the cost, projects highlighted in blue have had a recent adjustment in allocation, and the projects highlighted in pink are ATRIP or ARRA funded. The balance of funds is still low for FY 18, but

the balance of funds is in a positive status. Mr. Plunk also discussed projects that have started construction or will be let soon.

Next, Chairman Willis called for the review of Draft FY 17 UPWP Budget and MPO Dues. Mr. Plunk gave the members copies of the full Draft document, but explained that pages 4-6 in the agenda packet showed the financial overview of the UPWP Budget. He said that the PL allocation from ALDoT was increased just a little this year to \$209,973, which is shown on page 4. On page 5 is the breakdown of each task and how much is allocated to each of them, and on page 6 is the estimated MPO Budget for FY 17 and the dues schedule for the member jurisdictions. Mr. Plunk explained that like previous years, MPO dues have increased by 4-5%. A motion was made by Mr. Toby Bennington to adopt the Draft FY 17 UPWP Budget and MPO Dues with **Resolution No. 716**, which was seconded by Mayor Alberta McCrory. Motion carried.

Chairman Willis continued with New Business by calling for the discussion of ALDoT's request to amend FY 16-19 TIP to include a project on Leon Smith Parkway. Mr. Steve Haynes said that he does not believe the MPO needed to do this amendment so he made a motion to table this request until he could find out more details. Mr. Toby Bennington seconded the motion. Motion carried.

Next, Chairman Willis called for the discussion of State and Local Spending on Infrastructure. Mr. Plunk gave the members an article from The Fiscal Times published on February 25<sup>th</sup> titled "As Roads Crumble, Infrastructure Spending Hits a 30-Year Low" to review. Mr. Plunk discussed the article stating that last December Congress finally pushed through a \$305 billion, five-year highway and transit bill after years of temporary continuing resolutions and neglect of the nation's roads and infrastructure. Total capital spending as a share of state GDP fell in all but five states and the District of Columbia between 2002 and 2013, with the largest drops in Nevada, Florida and Michigan. According to the 2013 infrastructure report card by the American Society of Civil Engineers, the U.S. has serious infrastructure needs of more than \$3.4 trillion through 2020, including \$1.7 trillion for roads, bridges and transit; \$736 billion for electricity and power grids; \$391 billion for schools; \$134 billion for airports; and \$131 billion for waterways and related projects. The article also states that a handful of states are addressing the need for infrastructure investment; Connecticut and Washington have launched multi-year, multi-stage transportation improvement initiatives and last year more than ten states, including Idaho and Georgia, raised their gas tax to fund road construction. Something Congress has refused to do.

#### **OTHER BUSINESS:**

Chairman Willis called for the status report on other local projects from ALDoT 4<sup>th</sup> Division. Mr. Shannon Jones discussed the local construction projects which were provided in the agenda packet for review and Mr. Steve Haynes discussed the ALDoT sponsored projects.

Mr. Plunk gave the report for the Fixed-Route ridership for the month of May. There were 8,838 passengers on the Fixed-Route during May. The final table in the agenda is the ADA Paratransit ridership for the month of May. There were 659 trips for the City of Anniston, 312 trips for the City of Jacksonville, no trips for the City of Weaver, 208 trips for the City of Oxford, 367 trips for the Urbanized part of the County and 349 trips for the Rural part of the County.

Mr. Plunk gave the members an article titled "Alabama's 'highway to hell' ranked among worst in the world" to review. It states that U.S. Highway 431, which stretches from Kentucky through Tennessee then into Alabama through much of the eastern part of the state to Dothan, is one of the deadliest roads in the world. Issues with the stretch of highway include poor visibility, high speeds and sudden changes in the number of lanes.

There being no further business, the meeting was adjourned.

Next meeting of the MPO will be Thursday, July 21, 2016 at 10:00 a.m.
