NEW BUSINESS:

Ms. Messick called for review of the FY 20-23 TIP Spreadsheet and Administrative Modifications. She gave the members handouts of the list of MPO projects. Ms. Messick explained that there were 6 administrative modifications for the month that created changes on the TIP spreadsheet and 4 administrative modifications that did not create changes to the TIP spreadsheet.

Ms. Messick called for discussion of Resolution No. 831. Ms. Messick explained this resolution move three projects to few fiscal years in order to further constrain FY22's planned projects. The three projects included 100070249 UT for Widening on Friendship Rd from Cheaha Dr to Circle Dr (phase I) and 100070244 PE and 100070245 CN for Bicycle Lane striping and Possible 2-foot shoulder widening along S Noble. A motion was made by Mr. Toby Bennington to approve this amendment with **Resolution No. 831**, which was seconded by Mr. Mark Stephens. Motion carried.

Ms. Messick then called for discussion of Resolution No. 832. Ms. Messick explained this resolution is to reduce the amount allocated towards the Chief Ladiga Trail from Cane Creek to 4th street project RW and move a portion of those funds to PE. She further explained RW estimates continued to increase in 2018 and the MPO was advised to not have a resolution for the increases as they were unsure when RW estimates would be complete. The amount allocated locally is denoted on the resolution. The City of Anniston would also like to move \$100,000 of the allocated RW funds to PE. A

motion was made by Mr. Toby Bennington to approve this amendment with **Resolution No. 832**, which was seconded by Mr. Branton Cole. Motion carried.

Ms. Messick next called for discussion of Status Report of ALDOT projects. Mr. Shane Brown had sent a report for the current construction projects. This report detailed the US-431 access management project was working on punch list items. The SR-21/Baltzell and SR-21/Lenlock projects are working on punch list items and awaiting final acceptance. The Church Ave project is finishing up permanent stripe and completing punch list items. The US-78 resurfacing project is placing permanent stripe and working on punch list items. The I-20 resurfacing project is awaiting permanent stripe and punch list completion. AL-9 resurfacing has had wearing surface completed from double bridges to Natures Trail. This project has been winterized due to seasonal limitations and should restart in March/April.

Next, Ms. Messick continued by calling for discussion of Safety Observations. She explained that there was a handout in the agenda packet with the list of concerns from the CAC that had been discussed at previous meetings for review. The only update was that Mr. Mark Stephens has called for a meeting with the mayor and police chief to discuss item #26.

Next, Ms. Messick called for the Report on Urban Fixed Route and ADA Handicapped Transit Systems. Ms. Messick explained the ADA Paratransit Ridership for Anniston had 557 (increase) one-way trips, Jacksonville had 173 (increase) one-way trips, 14 trips for Weaver (decrease), and Oxford had 133 (decrease) one-way trips. For the Urbanized area 133 (increase) one-way trips and 82 (decrease) one-way trips for the Rural area. Fixed-route ridership had a total of 7,114 (decrease) riders for the month of January.

The next TAC meeting will be Wednesday, March 9, 2022, at 10:00 a.m.

There being no other business to discuss, the meeting was adjourned at 10:18 a.m.
