Upcoming Funding Opportunities & Deadlines

It’s not too early to be thinking ahead!

- ❖ The purpose of the Alabama Transportation Rehabilitation and Improvement Program-II (**ATRIP-II**) is to rehabilitate and improve transportation infrastructure by funding projects of local interest, proposed by one or more local governments, related to state-maintained highway system. Projects may include local roads and bridges essential to such projects. The program’s goal is to address critical needs projects across the state to rehabilitate and improve the in-place facilities and in some cases provide new facilities at locations throughout the state. The program’s focus is an emphasis on the public safety, economic growth, and stability of the state and its roads and bridges. Sponsors will be required to submit the application electronically to the ALDOT Local Transportation Bureau by the FY 2023 **deadline of November 18, 2022**. More information can be found at <https://www.dot.state.al.us/programs/ATRIPII.html>.
- ❖ In partnership with Main Street America and Smart Growth America, T-Mobile is committing \$25 million toward small town grants over the next five years through its [Hometown Grants program](#). The program will award up to 100 towns per year with project funding grants of up to \$50,000 each. The program will focus on revitalizing community spaces in towns with 50,000 people or less. Main Street programs are encouraged to apply. For more information on the program and to apply go to <https://www.t-mobile.com/brand/hometown-grants>.
- ❖ The [Local Infrastructure Hub](#) program is designed to ensure access to federal infrastructure funding to drive local recovery, improve communities, and deliver results for residents. Funded by [Bloomberg Philanthropies](#), [Emerson Collective](#), [the Ford Foundation](#), and [the Kresge Foundation](#), the Hub will help local leaders navigate the nearly 400 available funding opportunities. It will help cities and towns develop competitive applications most likely to be awarded federal grants. There will also be a special focus on helping traditionally underserved cities and towns. [Sign up for updates](#) on the Hub, planned for launch in July.
- ❖ **The U.S. Department of Agriculture (USDA) Rural Development** is seeking applications for loans and grants to support rural water and waste disposal systems. Applications are accepted year-round, and technical assistance is available. USDA’s [Water and Environmental Programs](#) can assist with constructing or improving infrastructure through loans, grants, and loan guarantees. USDA can also partner with rural water and waste service providers to finance infrastructure that aims to protect the cyber security of their facilities. The Water and Environmental Programs at USDA were recently expanded, and guaranteed loans are now available to smaller communities that have the financial strength to take advantage of conventional credit as well as larger communities with populations of up to 50,000. USDA also has technical assistance resources available through partnering organizations. USDA’s resources are not limited to

communities that have already received a loan or grant through Rural Development. Any water or waste disposal system in an eligible rural area may benefit from technical assistance. For more information on the resources available reach out to your local [USDA Community Program Specialist](#). Applications can be submitted through [RDApply](https://www.rd.usda.gov/programs-services/rd-apply) (<https://www.rd.usda.gov/programs-services/rd-apply>).

- ❖ The Federal Highway Administration (FHWA) and Alabama Department of Transportation (ALDOT) have announced calls for the Traffic and Safety Operations Section's (TSOS) **Highway Safety Improvement Program (HSIP)** applications. **Deadlines are April 1st, July 1st, October 1st, and January 1st. Max funding amount per agency for reducing rural land departures is \$2,000,000; for intersection related projects is \$2,000,000, and for safe transportation for every pedestrian (STEP) is \$200,000.** They are also announcing a new Local Roads Safety Initiative within the Alabama HSIP. The initiative will be open to cities and counties for both rural and urban non-State maintained roadways with significant safety risks. Applications submitted through this initiative must be in accordance with the most recent Alabama Strategic Highway Safety Plan and applicable Local Road Safety Plans if one has been developed by the county that the location falls within. The TSOS is also making available Road Safety Review (RSR) service for those cities or counties that have an identified location(s) but would like some assistance in ensuring the most effective countermeasures are chosen. Applications under this initiative will be submitted electronically to the ALDOT State Traffic and Safety Operations Engineer. PE, ROW, UT, and CN phases are eligible for funding, but may make the application less competitive compared to those with only CN phases requested. Contact John-Michael Walker at 334-242-6123 or walkerjoh@dot.state.al.us with any requests for assistance or questions about the program.
- ❖ The U.S. Department of Agriculture (**USDA**) announced that it is providing funds to rural projects that support regional economic and community development planning. This [Strategic Economic and Community Development \(SECD\)](#) funding is authorized for applications submitted through the [Community Facilities Loans, Grants and Loan Guarantees](#), [Water and Waste Disposal Program Loans, Grants and Loan Guarantees](#), [Business & Industry Program Loan Guarantees](#), and [Rural Business Development Grants](#) programs. Applicants are encouraged to consider projects that provide measurable results in helping rural communities build robust and sustainable economies through strategic investments in infrastructure, partnerships, and innovation. For more information in this opportunity, visit here: https://www.rd.usda.gov/sites/default/files/USDARD_SA_SECD02282020_.pdf.
- ❖ **The Environmental Finance Center Network** is offering technical assistance free of charge to small drinking water systems serving 10,000 or fewer people. Services include a resource help desk, financial health check-up, water and wastewater rates analysis tool, and a financial resilience dashboard. See https://www.nado.org/wp-content/uploads/2020/06/TechnicalAssistanceEFCN_COVID.pdf for more information.
- ❖ **Community Heart & Soul is offering \$10,000 in Seed Grant Funding** to small cities and towns. This program provides startup funding for resident-driven groups in communities with populations of 2,500 – 30,000 to implement the Community Heart & Soul model which engages the entire population of a town in identifying what they love the most about their community, what future they want for it, and how to achieve it. See <https://www.communityheartandsoul.org/seed-grants/> for more information and to apply.
- ❖ The United States Department of Agriculture (**USDA**) Rural Development is accepting applications for [Telecommunications Infrastructure Loans & Loan Guarantees](#). This program offers financial assistance to eligible service providers that will construct, improve, or expand telecommunication and broadband networks in rural areas. Applications are accepted on an ongoing basis.

More information regarding deadlines will be distributed as it becomes available. Please don't hesitate to contact Frank Humber, EARPCD Deputy Director, at 256-237-6741 or frank.humber@earpcd.org for more information.
