The meeting was called to order at 10:03 a.m. by Chairman Miller Parnell.

OLD BUSINESS:

Minutes of the CAC meetings from November 15, 2023, were approved on a motion by Mr. Tim Huddleston and seconded by Mr. George Salmon. Motion carried.

Since there were no MPO meetings in December, there were no Administrative Modifications or Resolutions that needed to be presented for this time period.

NEW BUSINESS:

Chairman Parnell called for a review of the FY 24-27 TIP Spreadsheet and Administrative Modifications. She gave the members handouts of the list of MPO projects. Ms. Messick explained that four administrative modifications created changes to the TIP spreadsheet and five administrative modifications did not create changes to the TIP spreadsheet.

Chairman Parnell next called for discussion of Status Report of Pre-Construction projects. Ms. Messick explained the TAC would be reporting on preconstruction projects to keep the MPO updated on how the projects were progressing. She quickly read through the status of each project currently in preconstruction status.

Chairman Parnell next called for discussion of Status Report of ALDOT projects. Ms. Messick reported the reconfiguration of the intersection at US 78 and Barry St has utility conflicts and is

hoping for a March 4th start, US 431 resurfacing from just north of SR-144 to 0.28 miles south of SR-204 has been accepted for maintenance, and SR-21 resurfacing is awaiting a preconstruction meeting and is hoping to have a start date in March/April.

Chairman Parnell continued by calling for discussion of Safety Observations. Ms. Messick explained that there was a list of previous observations in the agenda packet for review. Ms. Messick explained there was one update. Mr. Branton Cole reported an update at the TAC meeting the previous week for item number 6 in which the City of Anniston would submit a formal lighting evaluation request to ALDOT.

Chairman Parnell called for discussion regarding CAC meeting frequency. In November the possibility of making CAC meetings monthly instead of every other month was discussed but held for the next meeting after the holidays. A motion was made to have CAC meetings monthly by Mr. Tim Huddleston and seconded by Ms. Julie Borelli. After discussion, the motion passed.

OTHER BUSINESS:

Chairman Parnell called for a discussion of CAC vacancies. Anniston has 9 vacancies, Jacksonville has 2, and Oxford has 8 vacancies. There was discussion regarding if the number of seats per municipality could be lowered due to the hardship in getting them filled. Ms. Messick stated she would look into the bylaws and the previous resolutions to increase the CAC seats per municipality.

Next, Chairman Parnell called for the report on Urban Fixed Route and ADA Handicapped Transit Systems. Ms. Messick reported the ADA Paratransit Ridership for Anniston had 434 (increase) one-way trips, Jacksonville had 139 (decrease) one-way trips, 21 trips for Weaver (increase), and Oxford had 77 (decrease) one-way trips. For the Urbanized area 81 (increase) one-way trips and 32 (decrease) one-way trips for the Rural area. Fixed-route ridership had a total of 6,320 (decrease) riders for the month of December.

The next CAC meeting was scheduled for Wednesday, February 14 at 10:00 a.m.

There being no further business, a motion was made by Mr. Tim Huddleston to adjourn. The meeting was adjourned at 10:33 a.m.
