\*Virtual attendees

After roll call was taken and it was determined that a quorum was present, Vice Chairman Bowles called the meeting to order at 10:01 a.m.

**OLD BUSINESS:**

The minutes of the February 15, 2024, meeting were approved on a motion made by Mayor Jeff Clendenning and seconded by Mr. Mark Stephens. Motion carried.

**NEW BUSINESS:**

Vice Chairman Bowles called for the Review of FY 24-27 TIP Spreadsheet and Administrative Modifications. Ms. Messick explained that eight administrative modifications created changes to the TIP spreadsheet and two administrative modifications did not create changes to the TIP spreadsheet.

Vice Chairman Bowles then called for a discussion of Resolution No. 864. Ms. Messick explained this resolution was to reduce the number of Citizen’s Advisory Committee seats for the Cities of Anniston, Oxford, and Jacksonville. This change would better reflect the census population data for 2020 and reduce the burden of filling current vacant seats. A motion was made by Mr. Fred Denney, to pass **Resolution No. 864**, which Mr. Toby Bennington seconded. Motion carried.

Vice Chairman Bowles next called for a discussion of CAC Appointments. Ms. Messick reported that there was a list of the members in the agenda packet to review. With the Resolution that just passed, there will be less vacancies and the list will be updated for next month's meetings.

Next, Vice Chairman Bowles continued with New Business by calling for a discussion of Safety Observations. Ms. Messick explained that there was a handout in the agenda packet with the list of concerns from the CAC that had been discussed at previous meetings for review. The newest additions to the list included a resurfacing suggestion for Old Jacksonville highway. Mr. Rodney McCain reported the classification of this road may have been left over from before SR-21 was built. Ms. Messick stated she would look into the classification of this road.

A signal timing reconfiguration was suggested for the intersection at 431 and Saks. Mr. Rodney McCain stated they needed clarification on the intersection. The last addition was a similar design from 431/Bynum Leatherwood to be placed at 202/Bynum leatherwood and 202/Bynum Blvd. Mr. Rodney McCain stated ALDOT would need to do a study to see if it was warranted, but intersection improvements were relatively new.

#### **OTHER BUSINESS:**

Vice Chairman Bowles next called for a discussion of the Status Report of Pre-Construction projects. Mr. Micheal Bergh reported Project 41 had received plan in hand plans, RW will follow but the City will need to do this; Project 50's plan in hand plans were received on the 31<sup>st</sup> of January and they are addressing comments; Project 63's PE agreement has been signed and sent to Montgomery for signatures. All other projects were current with no further updates.

Vice Chairman Bowles next called for a discussion of the Status Report of ALDOT projects. Mr. Shane Brown sent an updated report that the reconfiguration of the intersection at US 78 and Barry St has worked through their utility conflicts and is looking for a March 18<sup>th</sup> start and SR-21 resurfacing had held it's preconstruction meeting and should be starting in 2-3 weeks.

Vice Chairman Bowles called for the Report on Urban Fixed Route and ADA Handicapped Transit Systems. Ms. Messick reported the ADA Paratransit Ridership for Anniston had 356 (decrease) one-way trips, Jacksonville had 139 (decrease) one-way trips, 20 trips for Weaver (decrease), and Oxford had 57 (decrease) one-way trips. For the Urbanized area 52 (decrease) one-way trips and 30 (decrease) one-way trips for the Rural area. Fixed-route ridership had a total of 7,234 (increase) riders for February.

There being no further business, the meeting was adjourned at 10:15 a.m. with a motion from Mayor Jeff Clendenning and seconded by Mr. Mark Stephens. The next meeting of the MPO will be tentatively Thursday, April 18<sup>th</sup> at 10:00 a.m.

## MPO CAC Safety Observations

Item #	Jurisdiction	Location	Suggestion	Date-Original	Date-Recent	TAC	MPO	Response	Status
1	Oxford	Bynum Blvd/Hwy 202 Intersection	Incorporate a light at this intersection to see it better at night	09/19/18	11/15/23	✓	✓	Solar may be approved by ALDOT for this location as it may be a while before Alabama Power gets power to the intersection. The City of Oxford is hoping to add this as an MPO project in the TIP; News report 11/1/23 states DeJarvis Leonard, ALDOT Regional Engineer will revisit the intersection to see if there is something that can be adjusted to help with the situation.	OPEN
6	Anniston	Henry Road intersection at the Bypass	Addition of street lighting	11/14/18	02/14/24	✓	✓	The City of Anniston has submitted a formal lighting evaluation request with ALDOT.	RE-OPENED
15	Calhoun County	Saks Road @ 43rd street	Road is narrow, school buses make wide turns at this intersection, difficult for 2 cars to pass, school children walk in the ditch (photos)	07/24/19	10/25/22	✓	✓	Widening: This suggestion would be a major undertaking. We will consider it when looking at upcoming traffic counts and updating the incoming LRTP.	OPEN
18	Calhoun County	Bynum Leatherwood Road/Eulaton Gate	Extend turn lane/deceleration lane on the Southbound side of Bynum Leatherwood from Eulaton Gate to begin at Hutto Hill Road. This will allow adequate stacking for ANAD workers during morning entry times and allow egress for travelers heading south towards SR202	1/14/20	10/25/22	✓	✓	Stacking for entrance to ANAD should occur on their property. Another solution would be a joint project to redesign the intersection of Bynum Leatherwood and Eulaton Gate to create more storage on Eulaton Gate and not on the main roadway. Will revisit for LRTP update.	OPEN
26	Jacksonville	204/Nesbit Lake Rd intersection	Increased safety measures	11/17/21	01/11/23	✓	✓	Libby provided crash information for the intersection. Development for housing on Nesbit will proceed. Access will be @ Nesbit only. Warrant study request has been submitted by the City of Jacksonville	OPEN
